

SHIV SHAKTI

E N G I N E E R S

ELECTRICAL PANEL BOARD MANUFACTURER

COMPANY PROFILE

From an initial team of only 5 employees in 1998, our team at ShivShakti is now made up more than 150 highly skilled people across a range of fields. With our staff spread across management, Production, Engineering, Sales and Marketing, project management, manufacturing. Everyone at ShivShakti is part of the team and we bring that inclusiveness to our product offerings. Every year, we at ShivShakti Engineers provide collaborative approach incorporating the latest design technology for both engineering and manufacturing.

THE INDIAN MANUFACTURING
ARM OF A PIONEER IN
ELECTRICAL PANEL BOARD
MANUFACTURING INDUSTRIES***

SHIV SHAKTI

E N G I N E E R S

We are one of the very few Electrical panel board manufacturers that have in-house enclosure fabrication capabilities with 9 tank chemical for powder coating process and everything at ShivShakti is under one roof. We know the value of the customized experience. This allows us to work closely with the customer to find a solution that meets their needs. Incorporating customer specifications – heights, spaces and applications. At ShivShakti we provide more than just your standard Electrical Panel Board.

POWERING UP SINCE

25 YEARS

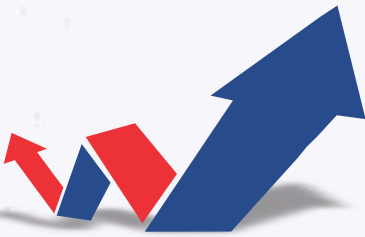

MISSION

To Inspire and guide an organization to work with a sense of purpose, incorporating definite standards and values.

VISION

Provide customer satisfaction with superior technical quality, competitive prices and excellent services within time frame.

As the Preferred Electrical Panel Board manufacturer in India, we are recognized for providing high-quality products to meet both Electrical Standards and Project Deadlines.

We offer consistently high service levels that distinguish us in the market, and we make it our mission to deliver the best quality custom electrical panel boards on the market. We understand the importance of the latest technology, and currently design and manufacture panel boards for clients in the PSUs, petrochemical, utility, solar, industrial and commercial sectors.

Our Electrical Panel boards are also designed to effectively meet Green Star rating standards, are applicable for both internal and external use due to weather proofing and can be designed to fit even the smallest of spaces. As we understand every client, building and project is different, we consider each customer to be as unique as the Electrical Panel board we design for them.

Our custom services are offered at competitive prices, so you can choose the perfect Electric Panel Board without having to sacrifice quality for cost.

OUR CORE VALUES:
